Mike Hancock and Mark Pustejovsky of Shermco Industries named to NFPA 99 technical committee

DALLAS – The National Fire Protection Association has named Shermco’s Mike Hancock, P.E. principal and Mark Pustejovsky alternate on the NFPA 99 *Health Care Facilities Code* Technical Correlating Committee.

The committee is part of the organization’s codes and standards making system and Hancock will represent Shermco Industries on the committee.

“We are proud of Mike and Mark for being named to this very important NFPA committee,” said Ron Widup, Shermco president. “Their electrical experience and field expertise will contribute greatly to the safety concerns of this committee, which is responsible for the formulation of policy and procedure in the area of health care facilities.”

ABOUT SHERMCO

Shermco Industries is a provider of safe, reliable testing, repair, professional training, maintenance and analysis of rotating apparatus and electrical power distribution systems and related equipment for the light, medium, and heavy industrial base nationwide. Founded in 1974 in Dallas, the company is comprised of two strategic business units; the Machine Services Division and the Engineering Services Division. With a corporate location in Irving, Texas, a sales office in Brussels and service centers in Austin, Cedar Rapids, Des Moines, Houston, San Antonio, Sweetwater, and Tulsa, Shermco Industries has over 440 full-time employees. The company is a member in good standing with the Electrical Apparatus Service Association, American Wind Energy Association, Professional Electrical Apparatus Recyclers League, and the InterNational Electrical Testing Association. For more information about Shermco Industries, visit www.shermco.com.
