Shermco Industries Opens Registration for SIMS Conference in League City

DALLAS – Shermco Industries, the largest independent electrical testing and maintenance company in North America, has opened registration for the Shermco Industries Motors and Switchgear Conference to be held near Houston in League City, Texas.

The conference centers on the proper, safe and efficient maintenance of electrical power systems and rotating machinery critical to all industrial and utility facilities. The SIMS conference is a one-day event highlighting critical aspects of electrical maintenance and safety from arc flash to disaster recovery and much more. Primarily focused on predictive testing and planning, the conference will also cover developing and administering an effective electrical system maintenance program. There will be multiple tracks covering both technical and safety related topics.

The keynote address will be given by Dr. Mladen Kezunovic who is the Eugene E. Webb-endowed Professor at Texas A&M University for electrical engineering. The address will focus on the role of ‘big data’ in managing and controlling future power systems.

The SIMS Conference will be held in League City, Texas on Sept. 25th at the South Shore Harbour Resort for \$149 with CEU credits issued or \$119 without. There is a block of rooms available at the hotel from September 22 to 24 at a special rate of \$99 per night, which can be booked by calling (281) 334-1000.

To register or for more information, call Steffie Owen (972) 793-5523 or email her at sowen@shermco.com. Also, please visit www.shermco.com/NewsEvents/Events for additional information on this conference and other upcoming Shermco educational events.

ABOUT SHERMCO

Shermco Industries is the leading independent provider of safe and reliable acceptance testing, commissioning, maintenance, repair and remanufacturing of electrical equipment and power distribution systems. With service centers located throughout North America, certified technicians and engineers focus on servicing both scheduled and unexpected projects for large commercial, industrial and utility customers. Shermco, a leader in electrical safety and technical training as well as industrial electrical contracting, utility, wind turbine maintenance and disaster recovery services. Shermco Industries is a member in good standing with the Electrical Apparatus Service Association, American Wind Energy Association, Professional Electrical Apparatus Recyclers League, and the InterNational Electrical Testing Association.
