Shermco Industries Announces 75 Job Openings

DALLAS – Rapidly-expanding Shermco Industries today announced that it has 75 job openings for positions in both the U.S. and Canada.

Rorry Phillips, director of Human Resources and Talent Acquisition for Shermco, says the company is primarily looking for trained substation electrical technicians, protective controls relay technicians, motor shop technicians and electrical sales professionals. However, the company has multiple openings for all of the following positions:

- Protective Controls Relay Technicians
- Sales Professionals - Electrical Services
- Circuit Breaker Technicians
- Electric Motor Shop Supervisor
- Field Engineer, Electrical Substations
- Electrical Substation Test Technicians
- Electrical Estimator & Customer Service Specialist
- Conventional Motor Machinist
- Electric Motor Winder
- Power Systems Electrical Engineers
- Electrical Engineering Technologist
- Underground Facilities Locators

Shermco is routinely named to various “Best Places to Work” lists. It has strong skills training, career development and safety programs. Shermco’s CEO, US and Canadian presidents all started with Shermco as technicians, a testament to the company’s internal career advancement philosophy.

“We are expanding quickly across North America and encourage all qualified applicants to call in to learn more about the opportunities in joining the Shermco family,” said Phillips.

For more on the job listings and to apply online, go to www.shermco.jobs.

ABOUT SHERMCO

Shermco Industries is the leading independent provider of safe and reliable acceptance testing, commissioning, maintenance, repair and remanufacturing of electrical equipment and power distribution systems. With service centers located throughout North America, certified technicians and engineers focus on servicing both scheduled and unexpected projects for large commercial, industrial and utility customers. Shermco, a leader in electrical safety and technical training, focuses on industrial electrical contracting, utility, wind turbine maintenance and disaster recovery services. Shermco Industries is a member in good standing with the Electrical Apparatus Service Association, American Wind Energy

Association, Professional Electrical Apparatus Recyclers League, and the InterNational Electrical Testing Association. For more information about Shermco Industries, visit www.shermco.com.
