

### Our Safety Mission

The mission of Shermco Industries is to provide a level of service that exceeds our customer's expectations. We will continue to maintain a healthy work environment and enhance a culture of safe work practices wherein management and employees work together as a team seeking excellence in safety.

### Our Corporate Mission

To establish long-term, mutually rewarding relationships with each of our valued customers by consistently providing solutions built on open and honest relationships, while pursuing growth and learning internally to better provide the finest quality of service through the latest technological advances.

## Donation and Sponsorship Requests

Shermco has a long-standing tradition of supporting the communities in which it operates and each year we invest in countless charitable organizations and employee programs that give back. Shermco wants to help make positive changes in our communities; however, the many requests we receive for donations and sponsorships necessitate our being selective in order to be effective with our support.

We evaluate each application individually and our end goal is to ensure all requests are given equal and impartial consideration within a suitable time frame. Our core values of Safety, Integrity, Quality, Innovation, Continued Improvement, Teamwork, Positive Attitude and Exemplary Service are the framework in how we determine our donations. We encourage you to complete the application form carefully in order for it to be thoroughly evaluated.
